The Standard 

TO ALL OWNERS AND MEMBERS

29 December 2015

Dear Sirs

US Vessel Response Plans – California Shoreline Protection – MSRC So Cal Ship Services (SCSS), California

As of 1 January 2016, MSRC will no longer provide California Shoreline Protection (“CASP”) and On Water Response Coverage services for vessels calling at the Port of Hueneme, California USA and/or transiting the southbound traffic lanes of the Santa Barbara Channel. While MSRC will no longer provide the enhanced coverage, they will continue to meet the planning standards for 12 hours and greater in the Santa Barbara Channel and Port Hueneme and will respond in these areas in the event of an incident.

However, from 1 January 2016, So Cal Ship Services (SCSS) will provide CASP response services to meet the two hour skimming and the shoreline protection planning standards if calling at Port Hueneme and six Hour On-Water Recovery response services to meet the six hour skimming planning standard if transiting the southbound traffic lanes of the Santa Barbara Channel, to enable compliance with the California State Regulations.

The wording of the *So Cal Ship Services Shoreline Protection Agreement* has been amended to conform with International Group Guidelines. The conforming Agreement has the footer:

"SQMS-ADM-500 SLP-SBC Agreement – Rev 0-0 12-15".

2

These changes only affect those shipowners who name MSRC in their California Tank and Non-tank Vessel Response Plans and operating in either the Santa Barbara Channel or entering Port Hueneme.

All clubs in the International Group will be issuing similar circulars.

Yours faithfully

Jeremy Grose
